IN A GLIMPSE

WHAT?

- ALE24 stands for Agile Lean Europe 2024.
- ALE is an Unconference, that means it does not have (or has very limited) predefined program with invited speakers. Program is created on the fly in the morning of conference days and all participants can be speakers!
- ALE is Europe's largest network for collaboration of Agile & Lean thinkers

WHERE?

- ALE comes to Hungary
- The event location is the A38 Ship with its unique location on the Danube in Budapest

WHEN?

- August 27- 30, 2024

WHAT IS ALE

BEST OF ITS KIND

TRADITION

ALE has been organised annually since 2011. Not even the pandemic could stop the dedicated agile folks to organise and attend it.

INDEPENDENT

ALE as a brand is owned by the agile community. It is not the property of any formal legal or financial entity.

AMONG THE BIG ONES

ALE attracts over 250 agilists from around Europe and from overseas every year. This makes ALE one of the largest agile events on the continent.

LIVING COMMUNITY

The Agile Lean Europe (ALE) network is an open and evolving network of people (not businesses), with links to local communities and institutes. To this date the community has 6,263 members.

ALE is organised around enthusiastic people with diverse perspectives across borders. This diversity allows stunning results to emerge during the event.

Between 28th and 30th August in 2024 a team of Hungarian agilists brings ALE to Budapest for the first time.

Each year cities across Europe compete to host ALE just like for the Olympic Games. This time Budapest won!

HOW DOES IT HAPPEN

ALE has been different from a regular conference since its conception. The first ALE in Berlin 2011 used the unconference format which proved to be very successful and has not been changed since then.

OPEN SPACE TECHNOLOGY

Open Space Technology makes it possible to include everybody in constructing the agenda of the day. This ensures that the agenda contains items that are important to the attendees. Having co-created the schedule of the day and being free to follow their curiosity and passion, people will take action to create the best experience for themselves.

TONS OF EVENTS

Beside the daily conference program numerous networking activities are essential parts of ALE. Among the most popular events is the "Dinner with strangers" that serves to enrich the spirit of ALE via forming new connections year after year.

FAMILIES

Families are also welcome. We provide facilities like day care and a complete program with attractive events around the city for spouses and kids.

ALE HISTORY

Year after year an amazingly diverse crowd of hundreds of attendees participate in ALE. They are change makers, lean thinkers, agile practitioners, collaboration experts, consultants or folks who are interested in agility. Last year we gathered in Vilnius, Lithuania, shared, learned and networked for 4 days.

WHY DO WE DO IT?

ALE lets people interested in agility spread new ideas. It keeps agility fresh, vibrant, adaptive to emerging needs.

It helps also helps growing a collective memory of Agile and Lean thinking.

The theme for this year is "The Ark" - and it will challenge all the community to think about what to bring and what to leave behind in regards of agility.

YOUR BENEFITS

- Make your brand visible to a Europe-wide community of agilists, coaches, trainers, practitioners.
- Show how much you care about finding better ways of building services and products, better ways of working together.
- Put your name on a map of companies that promote agile lean ways of working.
- Connect to top professionals both from Hungary and abroad and find new ways to collaborate on your most important topics.
- Support one of the kindest conferences that cares for individuals, communities and planet earth.
